

# ANNALISA MOLINI

## CURRICULUM VITÆ

---

DEPT. OF CIVIL AND ENVIRONMENTAL ENGINEERING  
PRATT SCHOOL OF ENGINEERING

&

NICHOLAS SCHOOL OF ENVIRONMENT  
DUKE UNIVERSITY

Box: 90287, 121 Hudson Hall, Engineering Building  
Durham, NC 27708-0287

☎ +1 (919) 668-3809

✉ +1 (919) 660-5219

✉ annalisa.molini@duke.edu

---

### RESEARCH INTERESTS

- Climate change, hydro-statistics and water resources availability
- Stochastic modeling in hydrology and eco-hydrology
- Climatology and modeling of extreme hydrological and biological events
- Hydro-meteorology and impacts of land-atmosphere interactions on the onset of convective precipitation
- Analysis of the linkages between meteorological (essentially deterministic) and hydrological (stochastic) models
- Non-linear time series analysis and wavelet-based spectral methods
- Remote-sensing of the rainfall field, reliability analysis of rainfall intensity measurements and error/measure theory

---

### PROFESSIONAL EXPERIENCE

#### CURRENT POSITION

Nov 2007 to present **Research Associate**, *Pratt School of Engineering & Nicholas School of the Environment, Duke University*, Durham, NC, USA.

---

### PREVIOUS APPOINTMENTS

#### ACADEMIC

2006–2007 **Research Fellow**, *University of Genova, Department of Construction, Environmental and Territorial Engineering (DICAT)*, Genoa, Italy.

2001–2005 **Research Fellow**, *University of Genova, Department of Environmental Engineering (DIAM)*, Genoa, Italy.

#### OTHER PROFESSIONAL EXPERIENCES

2007 **Data Manager**, *World Meteorological Organization (WMO), Observing and Information Systems Department*, Geneva, Switzerland – Vigna di Valle, Italy.

Data Manager and Analyst of the [WMO Field Intercomparison of Rainfall Intensity Gauges](#), at the Italian Air-force Meteorological Center of Vigna di Valle (Rome, Italy). See Subsection [Technical Reports](#) for further details.

2006–2007 **Grant Consultant for the Department of Environmental Policies, Municipality of Genoa**, Genoa, Italy.

---

## EDUCATION

**Feb 2002** **PhD in Civil and Environmental Engineering**, *University of Genoa*, Genoa, Italy.

Dissertation title *Analysis of the non-linear characteristics of the rainfall process, with particular regard to its intermittent structure (Analisi delle caratteristiche non lineari del processo di precipitazione con particolare riguardo alla struttura di intermittenza)* – In Italian

Downloadable at <http://www.dicat.unige.it/molini/DOCUMENTAZIONE/MoliniPhD02LR.pdf>

Supervisor Paolo La Barbera, Dept. of Construction, Environmental and Territorial Engineering (DICAT), University of Genoa, Italy

Major Hydrological Sciences and Water Resources Management

Research Area Environmental Monitoring, Data Analysis and Assimilation, Stochastic Modelling

Apr 1998 **M.S. in Marine Environmental Sciences**, *University of Genoa*, Genoa, Italy, 110/110 *Magna Cum Laudæ distinction*.

Dissertation title *A simple model for the Oceanic Now-casting (Un semplice modello per il Now-casting Oceanico)* – In Italian

Downloadable at <http://www.dicat.unige.it/molini/DOCUMENTAZIONE/MoliniTL98.pdf>

Supervisor Roberto Festa, Dept. of Physics, University of Genoa, Italy

Major Physics of Atmosphere and Oceanography

Research Area Meteorological Models at the Synoptic Scale

---

## TECHNICAL REPORTS

- 2007 **1)** Molini, A., (2007) WMO Field Intercomparison of Rainfall Intensity Gauges, Vigna di Valle, Italy, Mid 2007 – Mid 2008, Data Manager Technical Report, No. 1, July–August 2007  
**2)** Molini, A., (2007) WMO Field Intercomparison of Rainfall Intensity Gauges, Vigna di Valle, Italy, Mid 2007 – Mid 2008, Data Manager Technical Report, No. 2, September 2007, downloadable at: <http://www.wmo.ch/pages/prog/www/IMOP/reports/2003-2007/>

---

## TEACHING EXPERIENCE

- Spring 2011   **Guest Lecturer**, *Duke University, Department of Civil and Environmental Engineering*, Durham, NC USA.  
                    Fluid Mechanics (undergraduate)
- Fall 2010     **Instructor**, *Duke University, Department of Civil and Environmental Engineering*, Durham, NC USA.  
                    Environmental Thermodynamics (graduate)
- Spring 2010    **Guest Lecturer**, *Duke University, Department of Civil and Environmental Engineering*, Durham, NC USA.  
                    Fluid Mechanics (undergraduate)
- 2001–2007     **Teaching Assistant**, *University of Genova, Department of Construction, Environmental and Territorial Engineering (DICAT)*, Genoa, Italy.  
                    Water Resources Management (graduate and undergraduate)
- **Teaching Assistant**, *University of Genova, Department of Construction, Environmental and Territorial Engineering (DICAT)*, Genoa, Italy.  
                    Hydraulic Infra-structures (undergraduate)
- **Teaching Assistant**, *University of Genova, Department of Construction, Environmental and Territorial Engineering (DICAT)*, Genoa, Italy.  
                    Introductory classes of "Statistic and Stochastic Methods in Hydrology and Civil Engineering (graduate and undergraduate)
- **Laboratory Assistant**, *University of Genova, Department of Construction, Environmental and Territorial Engineering (DICAT)*, Genoa, Italy.  
                    Working on Measure & Sampling theory, Metrological Validation of hydraulic/hydrological measurements and Instrumental Calibration (see [Publications](#)). In this context, I also collaborated to the development, and to the following metrological validation, of a Calibration module for the laboratory qualification of rainfall intensity measurements (QM-RIM), used by the university of Genova during the [WMO Laboratory Intercomparison of Rainfall Intensity Gauges](#)

**I also advised students during the preparation of their Master thesis and graduate students in the development of their PhD research programs.**

---

## INVITED TALKS

- April, 9th 2010   **"Intermittency, Asymmetry and Causality Signatures in the Rainfall Generation"**, *School of Earth and Atmospheric Sciences, Georgia Institute of Technology, Atlanta, GA -Joint seminar with BESTA (Bioengineering Statistic Center at Tech).*

---

## PEER REVIEW REFEREE FOR:

- Water Resources Research.**  
**Journal of Geophysical Research.**  
**Journal of Hydrology.**  
**Journal of Hydrometeorology.**  
**Water, Air & Soil Pollution.**  
**Advances in Water Resources.**  
**Environmental Science & Technology.**

---

## SCIENTIFIC AFFILIATIONS

- 2000 to present   **Member of the European Geophysical Union (EGU).**  
2007 to present   **Member of the American Geophysical Union (AGU).**

---
